CONNECTION BUTTONS

There are four connection modes:

Video-Only: Allows users only to view the video output, the USB channel is denied.

Shared: Allows users to control a system in conjunction with other users.

Exclusive: Grants exclusive control to one user while all others can simultaneously view and hear, but not control, the output.

Private: Allows a user to gain private access to a system, while locking out all others.

Connection buttons shown in blue are ready to select. Icons in green have been selected by another user and those shown in **gray** are not available.

End this connection
